

# LOYOLA

TRADE TRAINING CENTRE  
a workplace of learning

# School with a difference

Loyola Trade Training Centre (TTC) has been established to provide young people with the skills needed for a successful career and the best chance possible of entry into an apprenticeship. Loyola TTC enables Year 11 and 12 students to gain experience and skills in their chosen trade while completing their Higher School Certificate (HSC). Unlike most schools and trade schools, Loyola offers a diverse range of courses at Certificate III level.

The unique 2 year program offers students an edge over other training facilities at other schools.

## Location

Loyola TTC is conveniently located close to Mt Druitt train station and bus stops. The TTC caters to all interested students across Western Sydney.

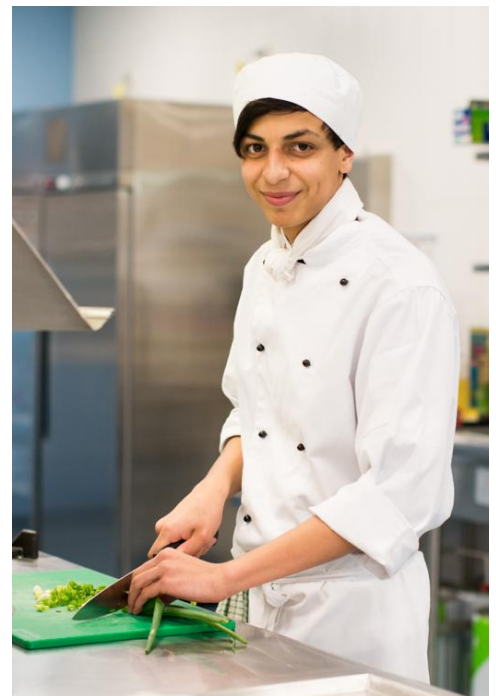

# A workplace of learning

Our unique program is divided into blocks of HSC studies, trade training and work placement allowing for greater opportunity and flexibility for students and employers. E-learning and integrated learning are prominent features of the TTC supported by flexible work area, state of the art workshops and training facilities.

The TTC offers students an exciting and engaging program laying the foundations and training for their chosen career. Transition from school to work is supported by providing our young people with real world skills whilst mentoring and guiding them toward success.

## HSC Courses

Students study a combination of non-ATAR HSC courses, which include English Studies, Catholic Studies, Industry Based Learning and their Certificate III trade. Other courses include Mathematics, Vocational Education and Training (VET) courses such as Business Services, Tourism, Sports Coaching, Food & Beverage, Construction and Information & Digital Technology. Each student's package of study is determined by their chosen trade, studying additional VET courses students develop more valuable knowledge and skills and work towards additional nationally recognised credentials.

**Our unique program has been designed to maximise each students' learning and experiences while accelerating them towards their future career.** The non-ATAR programs of study assist students achieve their HSC without the demands of HSC exams.

# Fast track your career

## What are the Benefits?

- Complete Years 11 and 12 in a Catholic school
- Gain the Higher School Certificate
- Achieve outcomes towards Certificate III trade qualifications
- Complete the equivalent of a first year apprenticeship

**Electro-Technology** (Electrician)

**Hospitality** (Commercial Cookery)

**Shopfitting**

**Child Care**

**Telecommunications**

**Plumbing**

**Beauty**

**Signwriting**

# Earn while you Learn

## School-Based Apprenticeships

Students can begin an apprenticeship whilst still at school. School-based Apprenticeships and Traineeships (SBATs) combine academic study (HSC), Vocational Education and Training (VET) and paid employment. A student's weekly pattern of study usually combines all three of these components.

Loyola Trade Training Centre employs a full-time Industry Liaison Officer to assist students in the sign up of apprenticeships.

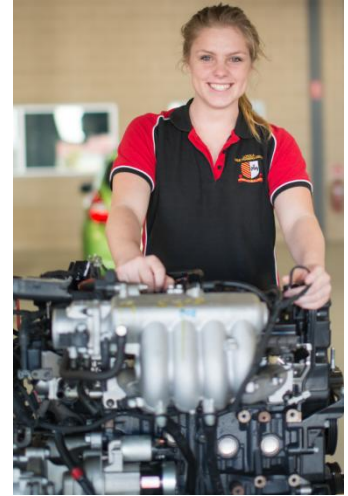

## Benefits for Students

- Students can begin their trade whilst still at school
- Students will attain the HSC
- Students will have paid employment
- Students develop knowledge and skills in their chosen trade
- Students gain valuable industry knowledge and experience
- Students begin a nationally recognised qualification
- Government incentives are paid to apprentices and their employers

## Benefits for Employers

- Get an apprentice/trainee with commitment, support and right attitude
- Flexible part-time apprentice/trainee
- Easy sign up – we organise all that for you
