

Religion – Board Developed

Some people argue you can't live without it. Others say you can't live with it. What do you say?

Are you interested in exploring just what 'religion' is? Do you wonder about its place in our world... your world? Would you like to learn more about religious issues, expressions and experiences – particularly within Australia?

Loyola Senior High School offers two Board Developed courses within the Religious Education Faculty that will assist you in exploring these questions:

- Studies of Religion I (one unit)
- Studies of Religion II (2 unit)
